EXPERIENCE

February - June 2025

Digital One

- Internship II

The system is a modern logistics platform designed to streamline food and parcel delivery services for local businesses in Cambodia. The system provides an end-to-end solution for customers, store owners, and drivers by offering intuitive store browsing, real-time order tracking, and reliable delivery coordination.

January - March 2024

Center for Digital and Distance Education (CDDE)

- Internship I

The system offers a comprehensive solution to address the assessment and personalized learning needs of high school education. By combining a versatile Exam Form Builder with an AI Recommender System and integrating with Duraseksa LMS, we aim to enhance teaching effectiveness, student engagement, and learning outcomes
